

## **Webinar on Structural & Non-Structural Risk Mitigation in Hospitals**

**24<sup>th</sup> June, 2022 | Time: 03:00 pm – 05:00 pm**

---

### **Background:**

Hospitals play a key role in reducing the impacts of hazardous events. As a frontline department to respond to the emergencies, they are one of the first responding agencies. Therefore, it becomes very pertinent that hospitals remain functional throughout the critical time of emergencies. However, hospitals themselves are prone to the impacts of the various other hazards. The recent past has demonstrated the impacts of hazards like fire, floods, cyclone and stressed the need to necessary preparedness while the pandemic COVID 19 is still a major concern.

**Structural & Non-Structural risk mitigation plays an important role in reducing the risk against multiple natural and man-made hazards and ensuring the continuity of business processes in all sectors including healthcare.** GIDM being the apex institute of the DRM in Gujarat has invested and initiated capacity building for hospital preparedness during emergencies (HOPE) course and deliberating its learning through this webinar will be beneficial for the various stakeholders.

### **Aim & Objective:**

At the end of the webinar participants will be able to:

1. Application of principles of basics of DRM in Healthcare sector.
2. Identify the structural risk in hospitals and strategies to mitigate them.
3. Identify the non-structural risk in hospitals and strategies to mitigate them.

### **Targeted Participants:**

1. Resident Medical Officers (RMOs)
2. Assistant Hospital Administrators (AHAs)
3. PIU Engineers
4. Medical officers CHCs & PHCs

**Resource Persons:**

1. Dr. Abhiyant Tiwari, Asst. Professor, GIDM.
2. Dr. Mahendra Chavda, RMO, PDU Hospital, Rajkot
3. Capt. Jaydev Joshi, Expert, Health Emergencies Management, Veteran Armed Forces Officer

**Schedule:**

#	Topic	Speaker	Time
1.	Opening remarks & introduction	GIDM	15 minutes
2.	Need for ensuring the functionality of hospitals and over view of structural and non-structural hazards	Dr. Abhiyant Tiwari, Asst. Professor, GIDM	30 minutes
3.	Identification and mitigation of structural risks in hospitals	Dr. Mahendra Chavda RMO, PDU Hospital, Rajkot	30 minutes
4.	Identification and mitigation of non-structural risks in hospitals	Capt. Jaydev Joshi Expert, Health Emergencies Management, Veteran Armed Forces Officer	30 minutes
5.	Q&A and Closing Remarks	GIDM	15 minutes
